

HANDS-ON, CLINICALLY-RELEVANT
FREE MASTER CLASS

Hue Light USA

LONGEVITY CARE SYSTEM

Friday & Saturday • November 3-4, 2023
1515 S Federal Hwy, Boca Raton, FL 33432

Advanced Diagnostics and Treatment Methods

Experience the BAHI Treatment protocol first hand with a live demonstration from Dr. Mitch

Master Integrative Skills for Increased Practice Profits and differentiate your practice using the latest treatment technology. We offer individualized attention and in-depth solution-based experiences tailored to your specific needs.

During our 2-day in-person seminar, each participant will experience the process by being fully tested (VIP Physical) — making a clear and relevant path for in-practice applications. The impact on your usage of our pro table solutions continues beyond the classroom, as we continue to furnish follow-up services designed to guarantee your success. Complete a comprehensive case study. Interpret lab results, toxic metal tests, and ANS+ and WAVi evaluations. Use the results of these tests to develop an integrative treatment protocol with the BAHF treatment and discuss the reasons.

Learn how to use comprehensive lab evaluation and functional tests, plus evaluation of autonomic nervous system, and brain function. Various treatment options and protocols will be discussed in-depth.

The primary focus of this master class seminar is on molecular hydrogen inhalation therapy, photobiomodulation therapy (Light Bed), Hyperbaric Therapy, and Sonic Vibration Therapy. Without addressing root causes such as oxidative stress, inflammation, and epigenetic influences, the underlying disease process cannot be effectively treated. The aforementioned technologies will be both effective and rarely demonstrated in such a well-documented scientific approach.

1. **Learn evidence-based treatment options (clinical efficacy)**
.....
2. **Learn how to effectively use and interpret diagnostic technology**
.....
3. **Learn a set of novel treatments to attack mitochondrial dysfunction and start producing the optimal amount of ATP**
.....
4. **Learn how to diagnose brain dysfunction**
.....
5. **Learn how to diagnose Autonomic Nervous System Dysfunction, Sudomotor Dysfunction, and Ankle Brachial Indices**
.....
6. **Learn to use these skills to achieve significant financial gains**

**A FREE
EVENT**
